III. Chart of Accounts and General Ledger

HRTAC has designated a Chart of Accounts specific to its operational needs and the needs of its financial statements. The Chart of Accounts is structured so that financial statements can be shown by natural classification (expense type) as well as by functional classification (program vs. fundraising vs. administration). The general ledger is automated and maintained using accounting software, and should be reviewed periodically by HRTAC staff for any unusual transactions.

IV. Cash Receipts

Cash receipts generally arise from Sales and Use Tax and Fuels Tax (Note: bond generated reimbursement revenues are covered in the bond revenue section.)

The principal steps in the cash receipts monthly process are:

1. The HRTAC Staff receives an email from an authorized Virginia Department of Transportation (VDOT) official indicating HRTAC member localities' tax contributions.
2. Simultaneously, VDOT submits a request to Treasury to have the funds transferred to HRTAC.
3. The HRTAC Accounting Manager will receive an email from Virginia Department of Accounts confirming a wire transfer.
4. The HRTAC Accounting Manager reviews the obligation to debt service and follows the steps of the Waterfall detailed in HRTAC's HRTF Series 2018A Master Indenture. (See Section XIII.)
5. The HRTAC Accounting Manager then notifies the HRTAC financial advisor and Executive Director of the remaining balance and any outstanding payments to others and requests to be advised on the best strategy for the deposit of funds into HRTAC's laddered portfolio.
6. The recommendation of the Executive Director is transmitted by the HRTAC Accounting Manager via email to the Chair of the Finance Committee for approval.
7. Upon receipt of approval by the Finance Committee Chair, the funds are deposited into the respective account.

V. Bank Account Transfers

Bank accounts and relationships with investment institutions must be authorized and established pursuant to resolutions adopted from time to time by the Commission.

Fluid cash checking account balances are monitored to assure adequate funds are available to cover the expenses of the Commission. The HRTAC Accounting Manager receives approval of total transfer amount from the Finance Committee chair and recommends to the Executive Director when a transfer should be made. Once all approvals have been obtained a wire transfer sheet is generated and approved by the Executive Director and the CFO. The HRTAC Accounting Manager initiates the electronic bank transfer and it must be approved on line by the CFO. A copy of the approvals and wire transfer is retained in the accounting department.

Electronic funds transfers, using the Automated Clearing House (“ACH”) network, such as direct debit payments, may be made from the Commission’s bank accounts, subject to the following:

1. ACH transfers/direct debit payments shall be used solely for the following:
 - Employee payroll
 - Treasury payments of payroll-related taxes
 - Employee expense reimbursements which have been duly approved
 - Recurring monthly payment obligations of the Commission, such as rent and utilities, that are contemplated by the Commission’s operating budget.
2. For the avoidance of doubt, an ACH transfer/direct debit shall not under any circumstance be used to pay any personal charge of any employee.
3. All ACH transfers/direct debit payments must be implemented/effected by the CFO or his or her designee, provided that such person is acting in accordance with written instructions (which may be given electronically) from the Chair (or Vice Chair) of the Finance Committee and the Executive Director.
4. All ACH transfers/direct debit payments will be tracked through the monthly bank statements and reconciled to the accounting system transactions.

VI. Cash Disbursements and Expense Allocations

1. All cash, checks and other payments received by the Commission shall be recorded in the Commission’s books and records and deposited into a Commission bank account, which deposit in the case of cash or checks should be made within 24 business hours of receipt.
2. No cash withdrawals are permitted from any Commission bank account.
3. No Commission check may be made payable to “cash” or “bearer.”
4. Commission checks must be kept in a secure location and executed in accordance with the Commission’s Bylaws and applicable resolutions, which presently require dual signatures. When made, checks shall be copied and recorded in the Commission’s books and records, including its check ledger.

Cash disbursements are generally made for:

1. Payments to vendors for goods and services
2. Taxes/license fees
3. Staff training and development
4. Memberships and subscriptions
5. Meeting expenses
6. Employee reimbursements

Checks are processed monthly and invoices submitted to the HRTAC Accounting Manager by the first of the third week of the month will be processed and paid by Friday of the same week. The HRTAC Accounting Manager will assign the general ledger account code.

Requests for cash disbursements are submitted to Accounting in two ways:

1. Original invoice
2. Employee expense report or reimbursement request

Every employee reimbursement or purchase request must be documented on the approved form with receipts, and business nature before reimbursement approval. Specific documentation for each category is:

Lodging - an itemized receipt from the hotel detailing all charges, the person(s) for whom the lodging was provided, and the specific business purpose.

Meals and Entertainment - a receipt must be provided showing the cost of food, beverage, and gratuities, including the names of every person for whom food or beverage was provided, and the specific business purpose.

Other Expenditures - a receipt from the vendor detailing all goods or services purchased (including the class of service for transportation) and the specific business purpose.

All requests for payment will be reviewed by the designated staff for:

1. Expenditure and amount and appropriate allocation information. Once verified, payment will be processed and will be submitted to the Executive Director for approval and signature. All checks require a second signature from an authorized Commission member or staff member.
2. All documentation will be appropriately filed.

VII. Procurement of Goods and Services, Including Procedures for Certain Small Purchases (Adopted October 15, 2015)

General

The Virginia Public Procurement Act (“VPPA”) covers contracts made by the Hampton Roads Transportation Accountability Commission (the “Commission” or “HRTAC”) with nongovernmental contractors for the purchase or lease of goods, or for the purchase of services, insurance, or construction (as those terms are defined in the VPPA). The VPPA seeks, among other things, to enable public bodies in the Commonwealth to obtain high quality goods and services at reasonable costs. This Policy, including its small purchases procedures, is adopted to provide the Commission’s members, officers and employees with direction regarding the VPPA and its implementation.

Under the VPPA, covered contracts must be awarded after competitive sealed bidding, or competitive negotiation, as provided in the VPPA, unless otherwise authorized by law.

Exemptions

Without limiting the exemptions under the VPPA that may be applicable from time to time, neither the competitive sealed bidding nor competitive negotiation procedures apply to: Contracts negotiated and awarded to a source that is determined in writing to be the sole source available for that which is to be procured: in order to use this exemption under Section 2.2-4303(E) of the VPPA, all requirements of the exemption, including the written determination and public notice requirements, must be observed; the written determination may be made by the Commission’s Executive Director if funds for the applicable contract are available under the Commission’s then-applicable operating budget, but copies of such determinations must be given to the Finance Committee within five (5) business days after being made.

Contracts awarded in case of emergency: however, such procurement shall be made with such competition as is practicable under the circumstances. In order to use this exemption under Section 2.2-4303(F) of the VPPA, all requirements of the exemption, including the written determination and public notice requirements must be observed; the written determination may be made by the Commission’s Executive Director if funds for the applicable contract are available under the Commission’s then-applicable operating budget, but copies of such determinations must be given to the Finance Committee within five (5) business days after being made.

Purchases made from another public body’s contract, even if the Commission did not participate in the request for proposal or invitation to bid, if the request for proposal or invitation to bid specified that the procurement was a cooperative procurement being conducted on behalf of other public bodies; however, this exemption under Section 2.2-4304 of the VPPA is subject to the limitations set forth therein.

Single or term contracts for goods and services that fit within the dollar limitations and other parameters set forth in Section 2.2-4303(G) of the VPPA if they are entered into pursuant to small purchases procedures that have been adopted by the Commission in writing; the Commission’s small purchases procedures are set forth in the chart below; these procedures may not be used for single or term contracts for transportation-related construction.

**HAMPTON ROADS TRANSPORTATION FUND REVENUE
BONDS
POST-ISSUANCE BOND COMPLIANCE POLICY
(Adopted April 19, 2018)**

This policy summarizes the federal law regulatory compliance responsibilities of the Hampton Roads Transportation Accountability Commission (the “Commission”) with regard to its tax-exempt bond issues. These responsibilities consist of compliance with (1) federal income tax regulations relating to the use and investment of bond proceeds, and (2) federal securities regulations relating to continuing disclosure to the market.

This policy is formulated to address, in a summary fashion, the assignment of general categories of responsibilities, and to specify the frequency of review and required duration of recordkeeping for each item. A more specific checklist to be used in connection with each individual bond issue is attached as Exhibit A to this document. Any questions that arise as to non-routine matters should be addressed to bond counsel. Each specific category of tasks should be assigned to one responsible department or individual.

Because most bond issues remain outstanding for long periods of time, and the possibility of IRS audit exists throughout the term of each bond issue, each individual or department with responsibilities under this policy should develop a plan detailing the steps that will be taken to transfer responsibilities and accumulated knowledge to successor personnel. Further, Commission record retention policies should be applied to bond-related materials with the recognition that tax regulations require the retention of most records relating to tax-exempt bond issues for the life of the bonds, including the life of any bonds that refund such bonds, plus 3 years. See “Record Retention,” see Section XVI below, for more detail.

Allocation of Bond Proceeds

The Treasury Regulations set forth detailed allocation and accounting rules relating to the allocation of bond proceeds to expenditures. Allocations should reflect, among other things, compliance with the various rules that qualify uses of funds for temporary periods (i.e., periods during which unspent funds are not subject to yield restriction) and other limitations on expenditures.

Responsibility for this category: Executive Director

<i>Task</i>	<i>Responsible Party</i>	<i>Frequency of Review</i>
Prepare and maintain an expenditure summary showing the date, amount and purpose of each expenditure from bond proceeds, and including copies of all requisitions or advance certificates. (Expenditures should reflect compliance with limitations set forth in issue-specific non-arbitrage certificates in bond transcripts.)	_____	Monthly during draw-down periods
Request that bond counsel prepare reimbursement resolutions for projects to be financed with tax-exempt bond proceeds in the near future.	_____	Issue-specific ¹
If a reimbursement resolution has been adopted, bond proceeds can be used to reimburse expenditures made up to 60 days before the resolution date, and the bonds must be issued and proceeds allocated to each expenditure within 18 months after the later of (i) the date of the first expenditure to be reimbursed or (ii) the placed in service date of the project, but in no event later than three years after the expenditure was paid.	_____	Issue-specific
Bond proceeds for capital projects should be spent consistently with the “3-year temporary period” rule, meaning that (i) the project moves forward with diligence after closing, (ii) the Commission incurs within six months after closing a substantial binding obligation to a third party to expend at least 5 percent of the bond proceeds on the project, and (iii) all bond proceeds are expended on the project within 3 years after the date of issuance of the bonds.	_____	Issue-specific

¹ Also refer to Exhibit A for bond issue-specific items.

Investment of Bond Proceeds

Bond proceeds that are not immediately spent are regarded as “nonpurpose investments” while held in reserve, or until they are spent and allocated to expenditures in the manner described above. The yield on a nonpurpose investment must be restricted unless the type of investment qualifies for a “temporary period” during which such restriction is not required. In order to prevent artificially depressing yield, nonpurpose investments must be purchased at fair market value. In addition, any arbitrage that the Commission in fact earns, even during a temporary period or in a reasonably required reserve fund, must be rebated to the federal government, unless an exception to rebate applies.

Responsibility for this category: Executive Director

<i>Task</i>	<i>Responsible Party</i>	<i>Frequency of Review</i>
Avoid the formal or informal creation of funds reasonably expected to be used to pay debt service on bonds without determining in advance whether such funds must be invested at restricted yield. (Such funds may be deemed to be “replacement proceeds” of the bonds, which are subject to yield restriction requirements.)	_____	Semi-annual
Prepare and maintain a summary of investment transactions in order to assist with arbitrage rebate compliance analysis.	_____	Quarterly
Obtain computation of the “yield” of the bonds and establish a procedure to track the return on invested bond proceeds.	_____	Issue-specific
Monitor compliance with “temporary period” expectations for spending bond proceeds (e.g., three years for a construction fund)	_____	Issue-specific
When required, provide for yield restriction of investments, or “yield reduction payments” if restrictions cannot be met.	_____	Issue-specific
Monitor compliance with 6-month, 18-month, or 24-month spending exceptions to rebate requirement, including percentage milestones required by the Treasury Regulations.	_____	Issue-specific
Engage an outside arbitrage rebate consultant to prepare computations of rebate liability and, if rebate is payable, timely file Form 8038-T and pay the amount of rebate that is due. (Rebate is ordinarily due at 5-year intervals.)	_____	Issue-specific
Maintain the special records required to establish that certain investments (e.g., guaranteed investment contracts, certificates of deposit, defeasance escrows) are purchased at fair market value; this may include the requirement of receiving multiple bids.	_____	Issue-specific

Use of Bond Financed Facilities

Property financed with tax-exempt bond proceeds generally must be used for governmental purposes and not used for, secured or paid by, or leased to any private trade or business. However, a *de minimis* amount of private use (no more than 10%) is allowed in most circumstances, as is use by the general public. In addition, no more than 5% of proceeds of bonds allocated to private use may be used in connection with private business use that is unrelated or disproportionate to the governmental use financed by the issue. Service contracts, management contracts and other arrangements may be maintained with private or federal government entities without implicating private use so long as certain regulatory safe harbors are met or the contract is reviewed and approved by bond counsel.

Changes in Terms

Proposed changes to the terms of tax-exempt bonds must be carefully scrutinized to determine if the changes cause the bonds to be “reissued” for federal income tax purposes. Avoiding a reissuance is often important in order to avoid the application of subsequent, often more restrictive, changes in law and tax-exempt bond eligibility requirements, and the requirements of filing a new IRS Form 8038-G, obtaining an arbitrage rebate report and in some cases obtaining new public approvals.

Voluntary Disclosure

If the Commission chooses to provide information to the market beyond what is specifically required by its continuing disclosure obligations (discussed above), all releases of information which can be expected to reach the bond market must be in compliance with the anti-fraud rules under the Securities Exchange Act (“Rule 10b-5”) (i.e., the information that is provided must not be materially inaccurate or misleading in the context in which it is provided). In addition, disparities in disclosure by a municipal bond issuer to various investors should be minimized, as such disparities can negatively impact market perception of an issuer and can lead to Rule 10b-5 claims. The best course of action is to take steps to assure uniform dissemination of information to the maximum extent practicable, such as through posting of disclosures on the Electronic Municipal Market Access System (“EMMA”) of the Municipal Securities Rulemaking Board.

P. RECORDS AND REPORTS

The Executive Director will review an investment performance report on at least a quarterly basis as provided by external investment managers and pooled investment programs. The Executive Director shall report investment performance to the Commission on a quarterly basis.

In addition to quarterly performance reports, monthly reports of balances and holdings shall be provided to the Commission. The reports shall consist of a summary of cash and investments by depository and manager and a listing of all investments.

Q. PERFORMANCE STANDARDS

The Investment Portfolio will be designed to obtain at least a market level rate of return, given budgetary and economic cycles, commensurate with HRTAC's risk tolerances and cash flow needs. HRTAC's portfolio management approach will be active, allowing periodic restructuring of the Investment Portfolio to take advantage of current and anticipated interest rate movements.

The returns on the Investment Portfolio will be compared on a quarterly basis to indices of U.S. Treasury securities having similar maturities or to other appropriate benchmarks as selected by the Executive Director. For funds having a weighted average maturity greater than 90 days, performance will be computed on a total return basis.

XVI. Fiscal Policy Statements

1. All cash accounts owned by HRTAC will be held in financial institutions which are insured by the FDIC.
2. All capital expenditures which exceed five thousand dollars (\$5,000) will be capitalized.
3. No salary advances will be made under any circumstances.
4. Reimbursements will be paid upon complete expense reporting and approval using the official HRTAC Reimbursement form. Reimbursements to the Executive Director will be authorized by the Commission Chair.
5. The Executive Director, CFO and two designated Commission members are the signatories on HRTAC's bank accounts. All disbursements require a second signature by an authorized Commission or staff member. Each set of signatures must be either the Executive Director or CFO, AND one of the two Commission members.
6. Bank statements will be reconciled monthly and all statements will be given to the CFO for review.
7. Accounting and personnel records will be kept in locked file cabinets in the finance department or human resources department and only parties with financial and/or HR responsibilities will have access.

XVII. Records Retention

1. **Purpose.** The purpose of this policy is to ensure that the Hampton Roads Transportation Accountability Commission (“HRTAC”) is compliant with federal and state requirements for records retention.
2. **General.** The Virginia Public Records Act (Code of Virginia §§ 42.1-76 et seq.) defines public records: “Public record” or “record” means recorded information that documents a transaction or activity by or with any public officer, agency or employee of an agency. Regardless of physical form or characteristic, the recorded information is a public record if it is produced, collected, received or retained in pursuance of law or in connection with the transaction of public business. The medium upon which such information is recorded has no bearing on the determination of whether the recording is a public record.
3. **Specific Requirements of Policy.** HRTAC documents shall be maintained for the periods indicated in the schedules adopted by the Library of Virginia in accordance with the Public Records Act.
4. **Electronic Records.** Electronic records will be handled as if they were paper documents. If there is sufficient reason to keep an email message, the message should be printed in paper copy and kept in the appropriate file or moved to an “archive” computer file folder.
5. **Safekeeping.** The Executive Director shall designate a staff member with responsibility for compliance with this policy. HRTAC documents shall be maintained in a safe, and secure, and accessible manner. Electronic files will be backed up as needed.
6. **Destruction of Documents.** Financial and employee related documents will be destroyed by shredding. Document destruction will be suspended immediately upon any indication of an official investigation or when a lawsuit is filed or appears imminent. Destruction will be reinstated upon conclusion of the investigation.
